

Microfiber Floor Cleaning Towel

Microfiber technology is one of the hottest products in the market today. CWP has decided to expand on this opportunity with an oversized microfiber towel that is the perfect companion for many household projects. Our microfiber towel has over 180,000 fibers per square inch, is softer than the finest silk, is extremely durable, and can be used for dusting/polishing cleaning projects as well as being able to absorb 7 times its weight in moisture. The CWP Microfiber Floor Cleaning Towel attaches itself to the bristles of the Tile Diamond to polish tile and absorb the excess liquid from our no rinse Tile & Grout Cleaner. Consumers won't have to bend down to finish their tile cleaning project.

Product Features and Benefits

- **16" x 16" oversized versatile towel which is reusable and machine washable for over 5 years or 500 - 900 washings**
- **Attaches easily to the Tile Diamond floor cleaning tool for quick cleanup or can be used for hand spot cleaning**
- **Cleans, polishes and removes floor cleaner residue leaving a beautiful finish**
- **Multipurpose towel can be used for cleaning dust, spills, pet hair and fine debris**
- **Competitively priced to make this a high value product that is easily affordable**

About CWP

For over 70 years, CWP Technologies (formerly known as Cleveland Wood Products) has been a leader in providing high value solutions to their customers in the vacuum and floor care industry through Engineering & Design, Top Quality & Innovative Products, Customer Service and a In-House Testing Lab.
