Heavy Object Clean-Out See-Through Trap

Heavy objects picked up from the carpet drop out of the suction stream and can be easily removed before they reach the fan!

Auger-Action Agitation with Dual Brushed Edge Cleaning

Perfect for deep cleaning action on low level, standard padded and commercial-grade carpets. Optimum agitator speed and flared design of brushes allows fast, efficient cleaning. Agitator runs on permanently lubricated steel ball bearings. The agitator brush-shell body can be easily and economically replaced by user when worn.
