

HIZERO
Cleaning Made Easy

Hizero was founded in 2013 was the belief that everybody loves clean floors, from stone or wood to cork and laminates, but most women and men loathe the time and effort it takes to clean them. Therefore, we created the world's first dual-use floor cleaner, Hizero. Originated from the nature, Hizero will make your life easier and simpler. Floor care will never be any easier, it will no longer be considered a chore but a pleasure.

Dual Flow Technology

Triple Separation System

The Revolutionary Tool for Cleaning H100

NO SUCTION, NO BLOWBACK - REVOLUTIONARY CLEANING

Powered by Hizero's proprietary No-Suction Technology, the H100 cleans without any vacuum airflow. This means no dust blowback, no filters to maintain, and no loud motor noise—just pure, effortless performance.

ONE-HANDED, ONE-STEP OPERATION

Clean smarter, not harder. H100 lets you scrub and dry in a single push-pull motion—all with one hand. Free your other hand while saving time and eliminating the need for multiple tools.

REAL-TIME SELF-CLEANING ROLLER

Hizero's Multi-Roller is continuously rinsed with fresh water as you clean—ensuring every inch of surface is cleaned with uncontaminated water. No dirty water backflow. No streaks. No re-wiping.

SUPER QUIET CLEANING

Thanks to its brushless motor and suction-free design, the H100 operates at ultra-low noise levels. Clean windows, mirrors, and tables—even while others are working, relaxing, or sleeping nearby.

VERSATILE ON EVERY HARD SURFACE - GREAT FOR COMMERCIAL USE

From windows and bathroom glass to restaurant tabletops and bars, cooktops, and even car windshields—It works seamlessly across all glass and hard surfaces, indoors or outdoors.

Clean Smarter, Not Harder with the HIZERO F300

Meet the HIZERO F300—our lightest, most compact floor cleaner that sweeps and mops at the same time, cutting your cleaning time in half. Powered by UltimateClean™ Technology, it uses a patented Multi Roller to absorb dust, debris, and spills using only clean water—no dirt redistribution, no pre-cleaning.

The F300 features Realtime Self-Cleaning and AirDry™ Technology, leaving floors spotless and streak-free in seconds. With quiet operation, no fumes, and Triple Auto Separation for easy waste disposal, it's a healthier, smarter way to clean.
